CV SMART CHOICE *news*

Winter brings on Spring weather!

As winter sets in, cold temperatures take their toll on vehicle suspension systems – especially temperature sensitive parts such as road springs. Spring steel is highly susceptible to fracture at lower temperatures so extra vigilance once the cold weather arrives is always worthwhile, along with a very thorough 'condition' check of your road springs before thermometers start to drop.

Cheaper low grade products can be life-threatening, particularly where high speeds and large load volumes are involved. Axle control can be reduced or even lost altogether if a road spring fractures. The consequent long downtimes, towing charges, costly repair and maintenance services are all unwelcome expenses.

Granning Road Springs are manufactured using only the highest grade spring steel offering extremely high load capacity and up to 50% longer service life, giving best-in-category performance. That all adds up to less costly downtime for your vehicle fleet. The fully comprehensive range offers the highest quality road springs from OE approved manufacturers. Over 350 unique part numbers cover a vast array of vehicle models. Just call your local IFA Member to order.

Airsprings

Winntec From SIP range grows

Looking for equipment that is efficient and extremely reliable? The Winntec From SIP range spans heavy-duty bottle and trolley jacks, axle and jack stands, air jacks, shop presses, engine and transmission jacks, body repair tools and various hydraulics.

Designed for CV/professional vehicles, the range is growing rapidly. The Winntec From SIP CV lifting range now includes a Hydraulic Wheel Dolly which reduces operator strain. A new 1 Ton Foldable Engine Crane (pictured) stores easily and safely. An extended range of pneumatic balloon jacks and long chassis jacks offer lower clearance and longer reach. New shop presses span bench models to 50 Ton industrial grade floor presses.

An established and respected developer, manufacturer and supplier of high quality, garage equipment, Winntec products boast unrivalled performance, cutting edge technology and unparalleled build quality. The famed Winntec 3 Year Warranty (including all wear and tear*) is matched by SIP Industrial Products' outstanding, experienced customer support.

Call your local IFA Member to order and ask for a copy of SIP Industrial Products' Autumn/Winter Promotion 2017.

*Subject to circumstance. Excludes abuse or neglect.

LONG TERM PREMIUM QUALITY

www.textar.com

Textar ProTecS pads for the new Scania reduce downtime costs for CV operators.

Premium quality parts last longer and are less prone to failure. Less maintenance means your vehicles are earning more of the time, costing less on a regular basis.

Textar ProTecS pads eliminate the issues associated with floating springs. The spring is welded onto the pad's backing plate and absorbs more vibration, extending life and reducing maintenance costs.

Textar pads and linings provide the optimum combination of long service life, low wear and frictional stability.

So put your foot down - insist on premium quality.

Insist on Textar.

NOW AVAILABLE FROM YOUR LOCAL IFA MEMBER.

focus on vehicle monitoring

A 2015 poll¹ found that 92% of fleet managers agreed that telematics had a positive impact on their fleet. Productivity improvements were the most common reason quoted, followed by increased fuel efficiency and better routing.

The data from telematics is used both actively to reduce costs and improve asset utilisation as well as having a role to passively monitor driver and vehicle well-being. The introduction of DVR hard drive recording has enhanced the latter role and is now reverse engineering the former.

Vehicle telematics, simply put, is the long distance transmission of vehicle data. Before GPS, some data was collected when the vehicle returned to base from on-board tachographs, still legally required for vehicles registered in the EU to collect driver information. However, when GPS was made available for civilian use, the possibility of transmitting vehicle data in something approaching real-time opened up huge data possibilities and the issue became how to utilise it. While some telematics systems collect 'packets' of data to transmit occasionally rather than transmitting live, all systems depend on availability of a cellular network signal to make transmissions.

Subject to a signal, telematics enables a vehicle's location to be viewed remotely on digital maps, but whether in range or not, its movements are recorded and vital statistics captured (including

speed and fuel use) and vehicle telematics gain their broader sense of managing assets. Fleet owners reap many benefits from fitting vehicle monitoring, including:

- improvements in fleet management
 - better routing
 - optimised dispatch times
 - reduced maintenance costs, e.g. timely oil changes thanks to exact usage data, etc
- improvements from changed driver behaviour
 - adherence to speed limits
 - minimised fuel usage (care in acceleration and braking)
- vehicle theft deterrence and improved chance of recovery if stolen

In summary, vehicle monitoring means better utilisation of assets and reduced costs.

Telematics is no longer a luxury or the preserve of large fleets. Impressive reductions in fuel consumption of 10% to 40% are quoted in studies. Fuel price increases mean these savings could now determine the viability of a business.

Vehicle insurance is a huge cost to fleet owners. The development of economical hard drive DVRs and on board cameras now enable poor or even dangerous driving and hazardous events to be captured as evidence - whether perpetrated upon the vehicle or by the driver of the vehicle.

New systems enable emergency services to be notified automatically if tell-tale signs of an accident are detected and can report location if a driver is unconscious.

Demand for DVR hard drive systems is growing hugely as picture quality improves and units are now being developed that offer the whole vehicle tracking and telematics role in a single package.

Your local IFA Member can offer you advice and top quality equipment packages to equip your fleet, however many vehicles, or update your technology.

¹ Bobit Business Media Telematics Survey, Summer 2015 (sample: over 1,000 private & public sector fleet owners of all sizes)

We asked Durite for their top DVR buying & usage tips:

- Set up the DVR properly, to ensure you gain from its full functionality
- Remember to check that you are adhering to the Data Protection Act 1988. Collection of any data classed as 'personal' falls under the act and you may need to inform employees that recording equipment is being used
- Always mount DVR recorders horizontally and bolt them down where there is minimal vibration, away from heat sources
- A 720P HD recorder offers sufficient resolution to enable a number plate to be viewed from up to 15m and gives a clear image in all weather conditions
- Advanced features futureproof your kit:
 - sleep mode to maximise battery life
 - motion detection function
 - GPS to track location and speed
 - a built-in 'G-sensor' captures acceleration and deceleration

DURITE[®] VEHICLE SAFETY & TELEMATICS

4 & 8 Channel HD DVRs

- ✓ Password protected with lockable cover
- ✓ Crystal-clear real time recording
- ✓ Built-in GPS & G-sensor capture incidents/locations
- ✓ Robust units withstand a 10G impact

Cameras for use with DVRs available

8-Channel HD DVR 0-776-81

- ✓ Stores up to 8 camera videos onto 1TB hard drive (not supplied)
- ✓ 960H or 720P HD DVR
- ✓ Crystal clear view of vehicle registrations at 720P

4-Channel HD DVR 0-776-80

- ✓ Great value High Definition 960H DVR
- ✓ Stores up to 4 camera videos on 2 x 128GB SD Cards (not supplied)
- ✓ Loop recording: records when memory is full
- ✓ Built-in GPS & G-sensor, monitors vehicle speed & location

Call your local IFA Member to discuss your requirements & to order

Durite Telematics

- ✓ Access data remotely via Durite Telematics portal
- ✓ Access full Durite live GPS tracking, telematics reporting, driver behaviour, etc
- ✓ Monitor/report with Durite vehicle safety & telematics devices
- ✓ Automated alerts:

- voltage variance
- battery charge
- POI / Geo fencing
- speeding
- unauthorised use
- battery disconnect
- tampering
- service alerts

Telematics Tracker 0-875-01

- ✓ Wide range of vehicles/plant
- ✓ Extra sensitive GPS: 2.0m accuracy for location/speed while GPRS/GSM transmits live/scheduled telematics reporting & alerts
- ✓ Remote signal to immobiliser prevents engine restart & crash notifications

Immobiliser & extra sensitive GPS

Trailer Tracker 0-875-02

- ✓ 6 Month back-up battery for prolonged period without power
- ✓ Recharges quickly from any 12V/24V power supply
- ✓ 3 Inputs & 3 outputs enable remote control of hardware such as door locks & temperature sensors

6 Month back-up battery

Telematics Tracker 0-875-08

- ✓ Wide range of vehicles, plant, fleet vehicles & applications
- ✓ G-sensor: accurate driver profiling & crash warnings
- ✓ Inputs for temperature monitoring or Driver ID
- ✓ High sensitivity GPS: 2.5m accuracy

Great value, all vehicles tracker

Antifreeze & Coolant

High quality, great value

- Four grades, all seasons
- 5, 25, 205 litres

Older engines:
Blue BS6580
• 2 Year life

Modern engines:
Red OAT
• Premium 5 Year life
Green HOAT
• Premium 3 Year life
Purple Si-OAT
• Premium 5 Year life

COMFIT Disposable Gloves

- High quality, most competitive prices
 - Latex, vinyl & nitrile
 - Powdered & powder-free
- COMFIT range includes:
- Black Rhino Premium Heavy Duty
 - Red Supertex Fully Textured Diamond Grip

Call your local IFA Member to order

Brake Pipe

- Copper or cupro nickel coils
- Market-leading supplier
- Conforms to BS EN 12449
- All sizes (metric & imperial)

First for value

Leading distributor of Workshop Consumables

Outstanding value for all your day-to-day requirements

WINTER ESSENTIALS

There's always a warm welcome from your local IFA Member

Whatever you need, just give us a call

- Battery chargers • Starters • Jump leads • De-icer • Scrapers • Snow shovels • First aid kits • Window stickers • Instant engine start • Radiator sealant • Winter fuel additives • Battery top up • Screenwash • AdBlue • Oils • TFR • De-humidifier • Hydrometers • Boots • Torches/Lanterns • Winter clothing • Hi vis • Gas springs • Lighting • Windscreen wipers

Workshop & Garage Equipment

Starting & Charging

12V/24V 55 Amp Trolley Charger/Starter (RCBT55T)

- Six charge rate settings
- Timer function
- Digital ammeter
- Rugged metal casing
- High capacity cable
- Battery clamps
- 420A Jump starter
- For intensive use in garages, workshops & CV depots

ONLY **£185**

Starter Cables

- 100% Multi-strand copper conductors, coated in flexible PVC
- Fully insulated heavy duty clamps for additional safety
- Protective nylon bag

CV/LGV (RBC350)

- 35mm² x 4.5m
- Vehicles up to 7.0 litres
- Max. output 450A

ONLY **£53**

CV/Agricultural (RBC500)

- 50mm² x 5m
- Vehicles up to 9.5 litres
- Max. output 600A

ONLY **£70**

Lighting

MAGflex Twist LED Inspection Lamp (RIL3600HP)

- Ultimate direction control - rotates 360°, ratchets 180°
- Exceptional 250 lumens - new technology COB LED
- White light - similar to daylight
- Wide angle light output with uniform intensity
- Rechargeable/cordless, AC mains charger
- Li-ion battery: fast, consistent charging
- Integrated hanging hook, magnet for hands free use
- Resilient polycarbonate/ABS construction
- Comfortable anti-slip grip

ONLY **£30**

Al3 Inspection Lamp

- New COB LED technology: 240 lumens light output
- 6000K Colour temperature - bright white light
- Durable aluminium/rubber
- Multi-directional lighting
- Concave construction protects lens
- 6 Hr max. operating time
- Rechargeable/cordless
- Magnetic base for hands-free usage
- **Turquoise** (RIL5300HP)
- **Blue** (RIL5300HPB)
- **Red** (RIL5300HPR)

ONLY **£30 ea**

Zoom150 Duo Inspection Torch/Lamp (RIT1040)

- Up to 150 lumens torch: bright white light, 6000K colour temperature
- Standard setting: wide-angle light for work area illumination
- Optional 6x zoom: focuses lightbeam for distance illumination
- USB to micro USB cable (6 hour recharge)
- IC battery protection prevents overcharge/discharge
- Aluminium construction
- Magnetic base for hands-free use

ONLY **£22**

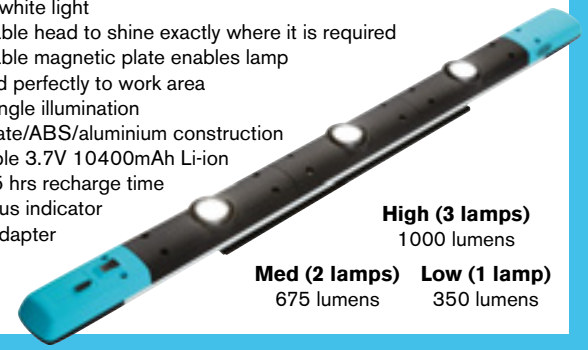

Illumination time
Torch mode - up to 3 hours
Lamp mode - up to 4 hours

LED Ramp Light (RURL1000)

- 3x 5W LEDs provide 1000 lumens with 6000K colour temperature for a bright white light
- 40° Adjustable head to shine exactly where it is required
- 90° Adjustable magnetic plate enables lamp to be angled perfectly to work area
- 60° Wide angle illumination
- Polycarbonate/ABS/aluminium construction
- Rechargeable 3.7V 1040mAh Li-ion battery - 6.5 hrs recharge time
- Battery status indicator
- AC mains adapter

ONLY **£75**

High (3 lamps) 1000 lumens
Med (2 lamps) 675 lumens
Low (1 lamp) 350 lumens

TRAFFIC FILM REMOVER

Using QRP25L in a pressure washer which can only dilute to 2%?

Simply pre-dilute for the required strength:

- 1 Equal volume of water (1% strength)
- 2 Equal volumes of water (0.5% strength)

25 Litre Multipurpose TFR

Degrease engines, chassis & components

*** SPECIAL OFFER *
on bulk quantities**

FROM ONLY **£18.50**

QRP25L

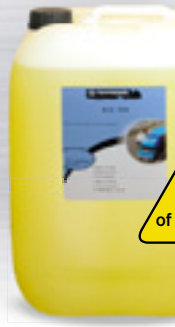

- Use at 0.5 to 1% (see above)
- High alkalinity - superior clean & grease cutting
- Dewaxes (polymer wax)
- Cost effective!

Makes 2500 to 5000 litres! of ready-to-use TFR*

QYP25L

- Use at 1% dilution
- Cost effective!

Makes 2500 litres! of ready-to-use TFR*

QPP25L

- Use at 1%
- Contains wax for a superior finish
- Cost effective!

Makes 2500 litres! of ready-to-use TFR*

QGP25L

- Use at 2%
- Ideal for sign written cabs
- Economical

Makes 2500 litres! of ready-to-use TFR*

* At the dilution rate shown for the product

QUALITY PERFORMANCE INNOVATION

Expert Quality

Draper HI-TORQ® Metric Combination Spanner Sets

- Generally to DIN3113 specifications
- Corrosion protected chrome vanadium steel, hardened, tempered, chrome plated
- HI-TORQ® ring end offset 15°
- Jaw offset 15°

14pc (29547)

- Sizes: 8, 9, 10, 11, 12, 13, 14, 17, 19, 22, 24, 27, 30, 32mm
- Tetron divided tie cord wallet

ONLY **£49.00**

6pc (26695)

- Sizes: 34, 36, 38, 41, 46, 50mm
- Wall mountable plastic storage rack

ONLY **£88.95**

12/24V Diesel Transfer Pump

- Transfers paraffin, diesel & other high flash point fuels
- Self-priming pump, powered by 12V or 24V lead acid battery (not incl.)
- Approx. 4m hose (25mm O/D)
- Delivery gun
- Suction hose
- Crocodile clips
- Pump weight: 10kg
- Motor:
 - 12V - 192W 16A: 1400r/min
 - 24V - 624W 26A: 2200r/min
- Flow rate:
 - 12V - 30L/min
 - 24V - 37L/min

ONLY **£263.00**

Rechargeable Worklight 10W SMD LED

- 10W (600 lumens), full/half power setting
- Internal Li-ion battery - improved battery life
- Cast aluminium with twin hinge to fold into various positions - ideal for confined spaces
- Doubles flat for portability/storage
- 3 Pin charger

ONLY **£49.98**

NEW 5W Slimline COB LED Rechargeable Magnetic Inspection Lamp

- SMD LEDs on end for torch function
- 3 Cycle switch: half/full/torch
- Integrated magnet with protective cover & pivoting head enable 360° use
- Micro USB to standard USB cable & 3 pin USB charger
- Battery: 3.7V Li-ion Battery; Charging time: 4hrs
- Lumens: COB 450-250; Burn time: 2hrs
- IP rating: IPX4; Size: 36.5 x 40.5 x 270mm

ONLY **£37.98**

3/4" Sq. Dr. Composite Body Air Impact Wrench

- Lower noise, low vibration, high torque twin hammer action
- Easy forward/reverse one-hand operation
- Rotating air inlet prevents air line tangle
- Lightweight, rugged tool, reduces operator fatigue & 'cold sink' effect
- Ultimate torque: 1200lb-ft (1627Nm)
- Free speed: 5500r/min
- Operating air pressure: 90psi (6.2bar)
- Average air cons.: 6cfm (170L/min)
- Min. hose size: 3/8" I/D
- Air inlet: 1/2" BSP; Weight: 3.4kg

ONLY **£256.00**

NEW 3/4" Sq. Dr. Impact Axle Sockets

8 Tooth (16189)

- For Scania 420

ONLY **£89.00**

Lock Nut 6 Tooth

- For Mercedes Atego, Vario 814 & MAN rear axles
- 80-95mm

ONLY **£90.00**

2 Drawer Tool Trolley

- Frees up workshop space
- High quality ball bearing runners
- Swivel braked castors
- Trolley top slides back to reveal storage compartment: 695 x 360 x 170mm
- 2 x Drawers: 587 x 325 x 60mm
- Overall w705 x d370 x h830mm

ONLY **£139.00**

NEW 3/4" Sq. Dr. Extending Reversible Ratchet

- Manufactured/tested generally to DIN3122 & ISO3315 specifications
- Manufactured from chrome vanadium steel, hardened & tempered
- 48 Tooth ratchet with push button to extend handle from 515mm to 815mm
- Forward/reverse selector, spring-loaded ball bearing to hold socket securely

ONLY **£69.95**

NEW 1" Sq. Dr. 1000mm Flexible Handle

- Manufactured & tested generally in accordance with DIN3122 & ISO3315 specifications
- Manufactured from chrome vanadium steel, hardened, tempered & chrome plated
- Specially designed chrome molybdenum hinged joint head for extra torque
- Spring-loaded ball bearing for secure socket holding

ONLY **£58.00**

PROHEAT Oil Fired Cabinet Package with Built-In Fuel Tank & Flue Kit

- Use with 28 second fuel (paraffin/kerosene) or 35 second fuel (heating oil/diesel)
- All models 240V
- Low-noise radial fan
- Equipped with thermostat
- Capacities of 30, 42, 64, 84kW net
- 4-Sided adjustable outlet opening guarantees equal air distribution
- Summer/winter circuit for heating/ventilation

Model	Nett Heat Output	Max kW	Consumption	Air Flow	Tank Capacity
PROHEAT30	104,000 Btu/hr	30kW	3.4 L/hr	1,900 m³/hr	55L

No space for a bulk fuel tank? PROHEAT is your solution!

Stainless Steel Flue Kit INCLUDED:

- Gives approx. 5.2m (17ft) ground clearance
- 4 x 1m Flue pipes
- 1 x Terminal
- 2 x Adjustable wall fixing brackets
- 1 x High temperature silicone rubber roof seal & fixing kit for profiled or corrugated roof & cladding
- 1 Tee-Piece (flue to heater)
- Additional 1m flue pipe available:
 - For Model PROHEAT30,40,60 Price **£30**
 - PROHEAT80 **£37**

Automatic Ignition Universal Oil Fired Heaters

- Clean combustion & high efficiency
- Large airflow blower fans
- Fan-only facility for summer ventilation
- Large capacity fuel tanks
- Basic room thermostat is standard
- Optional digital thermostat/time control
- Compressed air supply required for burner

Model	Heat Capacity	Fan Capacity	Fuel Tank	Consumption	Compressed Air Displacement	Supply
